Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Art Unit: 3723

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 11-19 and 21-22 are rejected under 35 U.S.C. 102(b or e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Gorantla et al or Cho et al (both cited by the examiner). Either reference discloses all of the elements of the claims including a slurry containing ceria and silica in the claimed concentrations. In the event Gorantla or Cho is later deemed not to impliedly or expressly disclose a feature of the dependent claims, such would have been obvious to provide in either slurry for the purpose of improving its performance.
3. Claims 23-28 are allowed.
4. Applicant's arguments filed on 10/24/2005 have been fully considered but they are not persuasive. Applicants argue that the invention of the subject application differs from the prior art in context even though both teach or disclose slurries comprising silica and ceria. This *may* be accurate but even so the outstanding rejections are based on a finding that what is recited in the rejected claims is either anticipated or obvious over the applied prior art.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
